

Traffic Mishaps Take Heavy Toll During This Week

Two Are Killed in Headon At Twin Bridges; Many Injured

Two people have died and at least a dozen others were injured, some of them seriously, in a series of automobile accidents in this area during the past week.

Mrs. Inazell Noa, 63, Antioch, was believed to have died instantly and her brother, Frank S. Sawyer, 60, Reno, expired Monday, following a headon collision at the east approach of the eastern twin bridge over the Truckee River just west of Boca Friday afternoon.

The car driven by Sawyer, traveling west, was attempting to pass other cars going in the same direction, according to State Patrolman William Gautsche's report, when he met one driven by Glen H. Bowman, 41, Richmond, on the bridge approach. Sawyer was just passing an empty logging truck operated by Kenneth Girdner, going on to the bridge, when the Bowman car loomed in front. Sawyer swerved his vehicle into the side of the truck but could not avoid the headon.

In the car with Bowman were his wife, Cecilia, and their three-year-old daughter, Cheryl. All three were taken by Truckee ambulance to a Reno hospital in serious condition.

Critically injured was Sharon Nelson, 15, Tonahap, Nev., niece of Sawyer and Mrs. Noa, and less seriously hurt was her cousin, Frances Sawyer, 16, daughter of driver.

Both cars were demolished by the impact and were taken to Truckee by Thornton's Garage. Traffic was delayed for over an hour.

Broken Neck

Harry M. Ross, 61, Venice, was believed to have a broken neck as the result of a rear-end collision near Hampshire Rocks Saturday morning at 10:30 o'clock. The car in which he was riding was driven by Henry B. Worley, 57, Oakland. It was struck by a car operated by Ivan Coghurn, 34, Yuba City.

State Patrolman Roy Stallard cited Coghurn for having faulty brakes and driving without due caution. The Truckee ambulance took the injured man to the hospital.

Women Hurt

Brakes on a car and house trailer failed as the vehicle neared Donner Bridge on Donner Summit Saturday evening at 7 o'clock and Mrs. Katherine Watts, 38, and Mrs. Sara Alice Boyd, 59, both of Jacksonville, Ill., suffered injuries when the car crashed to the bridge and was not stopped until it hit the railing at the observation point.

Patrolman Gautsche said the car was driven by William A. Edgerton, 51, Kansas City. Several other occupants of the car and trailer, all colored, escaped injury.

Held in Hospital

Kenneth Garrett, 20, Sierraville, was charged with drunk driving, speeding and auto theft, after a pickup he was driving was completely wrecked on the Tahoe road, six miles north of Tahoe City, (Continued on Page 8)

Young Visitor Given Party on Birthdate

Persis Ainey of Portland, Ore., is being feted at a party given by her grandmother, Mrs. T. T. Buell, this afternoon on her seventh birthday. A pink and blue decorated cake will be cut following games and this evening the group will attend the Donner Theater.

Those sharing the occasion with the little visitor will be Diane Cardinal, Mrs. Ray Scott and daughters Patricia and Theo, Mrs. Gerald Lewis and son Courtney, Mrs. H. T. Langille, Barry and Marcia Leamon, Kathryn and Sheila Barrett and Mrs. R. N. Little.

Deputy Grand Matron Visits Star Chapter

Gertrude Prentiss, deputy grand matron of the 7th district, made her official visit to Truckee Chapter on Tuesday. Many visitors attended from other lodges.

A clever and original presentation was made by Worthy Matron Mildred Burch, Theresa Buddie, Ametta Firpo, Helen Ellis, Mary Stark, Wilma Lucas, Margaret Craig and Flora Miles.

Delicious refreshments were served at the close of the meeting.

Lightning, Hail Visit Sierra Area In This Week

Cloudy and cooler afternoons have been on the weather menu in this area during the week. A few light showers have fallen in various districts and in the Sierraville, south Tahoe and state line areas hail was reported in some quantity.

The United States Forest Service is sending help from the Tahoe Forest to other national forest while snuffing out small fires on its own territory.

Twelve Tahoe Forest personnel have gone to fight large fires elsewhere in the state. This week 28 men from Brandy City, including 23 convicts from the state prison camp, were sent to aid in Trinity County.

Since the succession of lightning storms started in the high Sierra Sunday noon, the Tahoe Forest has fought 32 fires, mostly set by lightning. Each district, including Truckee and Big Bend, has had one or more fires with the exception of Camptownville. The heaviest concentrations have been in the Sierraville and Downieville districts.

Additional smokes were sighted yesterday morning and at noon two new storms were striking in the Donner Summit area.

FIRST AID LESSON COMES IN HANDY IN SAVING PET

Artificial respiration which he learned from Mrs. Marie Henry several years ago during a first aid lesson last week resulted in Dave Chambers, prominent Lake Tahoe resort owner, saving the life of his prized pet English bull dog, Mister.

The animal choked on a piece of toast and had lost all signs of life when his owner remembered his Red Cross instructions. He extracted the toast from the windpipe and applied artificial respiration for thirty minutes. The animal finally responded and at last reports was on the way to complete recovery.

Mister, who is nine years old, was a mascot on the USS Saratoga for two and a half years, Chambers said.

VAN UDENS SELL CAFE BUSINESS; TO REMAIN HERE

Mr. and Mrs. Walter S. Potter of Carlsbad, New Mexico, and more recently of Richmond, have arrived here to take over the Gateway Cafe at Gateway Park.

Sale of the establishment was announced this week by Mr. and Mrs. Earl van Uden, who have operated the cafe since it opened a year ago. The van Udens plan to remain here, where he is inspector for the Tahoe Forest Hospital, now nearing completion.

The Potters are experienced restaurant people and have been seeking a local location for some time. They expressed themselves as well pleased with Truckee and this area and hope to make their home here permanently.

\$109,923.11 Suit Filed As Accident Aftermath

NEVADA CITY—Leonard Brockett and the Western Hyway Oil Company are being sued for \$109,923.11 in Nevada County Superior Court by G. T. and Flossie Upton as a result of a collision a mile west of Floriston on Highway 40 last September 2. The complaint charges a truck and trailer of the company, driven by Brockett, collided with the Upton's sedan because of the defendants' carelessness.

The Uptons charge as a result of their injuries they have been unable to work. Upton is described as a licensed realtor and both are described as licensed business opportunities brokers.

Smart Visitors

Harry L. Stockdale and granddaughter, Sheila May, of San Francisco are visiting with his son-in-law and daughter, Mr. and Mrs. Reg Smart.

Visiting Here

Mr. and Mrs. William Storkman of Woodland are vacationing this week with the Walter Barretts.

Mrs. Loynd Will Be Buried Today At Rites In Utah

Devoted Mother, Neighbor Here for 20 Years, Is Mourned

Funeral services were held this afternoon at Springville, Utah, for Mrs. Amelia Loynd, 77, a resident of Truckee for 20 years, who expired at a hospital in Berkeley Saturday following a lengthy illness.

Burial will be in the Loynd family plot where her late husband, Joseph Smith Loynd, was buried ten years ago. Mr. and Mrs. Walter A. Loynd left Tuesday morning to attend the rites.

Mrs. Loynd was a native of Kent County, England, and was born July 6, 1874. She came to this country with her family at the age of eight years and settled in Utah. There she was married to her late husband and the family moved to Colorado, coming to California in 1930.

During her residence here, Mrs. Loynd made her home with her son, E. L. Loynd, until a few weeks ago when she was taken to the hospital.

Beside her sons, Walter and E. L. of Truckee, the deceased is survived by three other sons, Harry of Detroit, and William and Frank, both of Berkeley. A brother, Harry Allsworth, resides at Salt Lake City, and a sister, Mrs. L. C. LeDuc, at Farmington, Utah. Judy, Linda and Jimmie Loynd are local surviving grandchildren.

Mrs. Loynd was a devoted mother and a good neighbor. Despite her suffering during the past few years she seldom complained and was admired by her legion of friends. The sympathy of the community is extended to the surviving family.

CUTS IN BUDGET KEEP PLACER TAX RATE UNDER \$2.00

AUBURN—The Placer County general tax rate was estimated at \$1.99 on each \$100 assessed valuation by County Auditor William R. Stephens, as a result of budget cuts made Monday by the board of supervisors. Last year's rate was \$1.88 but first estimates on this year's taxes were \$2.02.

The rate will be officially set Monday. The board approved a cut of \$15,115 in the court house building fund and a cut of \$2,916 in the county pound fund. Additions of \$390 to the crippled children's fund and \$500 to the supervisors fund were approved.

Items of the budget were protested by a representation of the Placer County Taxpayers Association, headed by Hall Livingston, W. O. Muther and Louis Franceschi.

A petition from Lake Tahoe residents asked a 10 per cent cut across the board in the budget.

Edgar Myers Flies East To Father's Last Rites

HOMEWOOD—Edgar Myers of The Hut returned home Friday after attending the funeral of his father, John W. Myers, at South Bend, Indiana. The elder Myers died at the home of a daughter, Mrs. Dale Cross in Elmira, New York, Monday, following his 93rd birthday on Sunday. Another son, Elmer, lives in Indiana.

The local man made the trip by airplane.

Logging Worker Injured In Loading Accident

Owen Adams, 50, employed by the Bigelow Logging Company at Hobart Mills, was taken to a Reno hospital by Truckee ambulance Monday morning after his left shoulder was crushed in a log loading accident. He was brought to Truckee for emergency treatment by Dr. L. D. Nelson.

EAGLES PICNIC

Truckee Aerle 1124, Fraternal Order of Eagles, will hold their annual picnic Sunday, August 26, at Donner Lake Park, starting at 11 a.m., according to Secretary John Rau.

Sun Beams

by Walter M. Jarrett

Carelessness, discourtesy and speed are the major contributing factors in automobile accidents. The increasing toll of mishaps and the alarming rise in deaths and injuries suffered by car occupants seems to make little impression on many drivers who apparently harbor the false impression that "it can't happen to me." Realization that an accident is at hand comes only a split second before the crash, so the best way to avoid one is to contemplate every action and be sure you have plenty of room to make a pass and take your time. Never depend upon the other driver to do what he should or what you think he should.

We wonder what occupies the mind of a person who deliberately tosses a burning cigarette or lighted match from a car, as they drive along highways literally lined with inflammable grass and powder-dry brush and trees. We wonder if they even give a fleeting thought to the fact that perhaps within a matter of minutes acres of valuable timber land will be in flames in the wake of their foolish act. It is so easy to use the ash tray provided for disposal of burning cigarettes, and so dangerous not to use it, that we can't understand the quirk which causes the potential arsonist to flip the fire onto the roadside.

Each day, more and more people are finding that trading at home pays big dividends. Everyone can join the loyal shoppers who have learned that prices, quality and service at home are equal to or better than those obtained elsewhere. Be fair to yourself and your local merchants by giving it a trial.

OFFER BIG REWARD FOR APPREHENSION OF CATTLE RUSTLER

J. E. Joerger, local rancher, announces that he will pay a reward of \$250 for information leading to the arrest and conviction of the person or persons guilty of stealing and slaughtering a calf owned by him, cutting off the meat and burying the remains four miles south of Truckee in Comber Flat.

The California Cattleman's Association, of which Joerger is a member, will pay an additional \$500 reward on the same conditions.

An employee and a dog owned by Joerger discovered the remains of the animal.

New Tavern Owners Will Have Open House

The public is invited to attend the open house at Sierra Tavern Friday evening, August 31, at 7 o'clock when the new owners and managers, Mr. and Mrs. Mike Richards, will be hosts. A buffet will be served and an evening of full entertainment is planned.

Tahoe Vistans Welcome Their Third Grandchild

KINGS BEACH—Unadell and Ernie Crawford of Tahoe Vista became grandparents for the third time on August 16 with the arrival of a son to Harry and Selma Crawford in Bremerton, Wash. At the time of his arrival, young Ernie tipped the scales at 7 pounds, 3 ounces. His father is doing civil service work at Bremerton.

Catherine Street Marks 1st Birthday in Roseville

Catherine Marie, daughter of Mr. and Mrs. John Street, was the center of attention when she became one year of age Sunday, August 19, celebrating the event at a family gathering in Roseville. Her parents also observed their wedding anniversary yesterday.

From South—Mr. and Mrs. John Brown of Pasadena are vacationing with their son-in-law and daughter, Mr. and Mrs. Wm. Englehart Jr.

Tax Rate Fixed By Board; Local Costs Lowered

Donner, Truckee Area Rate Ranges from \$4.55 To \$5.22

As predicted in last week's Sierra Sun, the board of supervisors Monday met to approve various county and district budgets, and fixed the tax rate for the coming year at \$2.60, a 30 increase over the \$2.30 rate for last year.

Chairman H. G. Loehr of Truckee, who had called the meeting solely for the purpose of fixing the rate, said that while the county basic rate shows an increase, local taxes will not be as high as last year as all districts, with the exception of the Truckee fire district, pared their expenditures.

Local rates will vary from \$4.55 to \$5.52 depending upon the location of the property in the several districts.

The largest increase in the county rate was for salaries and welfare, with a new item of .06 added for a general reserve fund. The latter amount will raise nearly \$14,000 which will be used as an emergency, or loaning fund, to take up the slack between the time budgeted funds are depleted and the time for new tax money to be paid in.

The county general fund was increased from \$1.85 for last year to \$2.02 this year and the salary fund went from .29 to .40 cents. A decrease of .04 was noted in the junior college requirement.

For the eastern end of the county the comparative rates were fixed as follows:

	Was	Now
Truckee Fire and Sanitary; Hospital Excluded	5.58	5.39
Truckee Fire and Sanitary; Hospital Included	5.83	5.52
Truckee Sanitary; Hospital excluded	5.30	4.99

Rebekahs Plan Initiation Of Class September 12

Naomi Rebekah Lodge No. 2 met in Odd Fellows hall Wednesday night, Noble Grand Alice McGee presiding. Plans were made to initiate a class of candidates at the next regular meeting on September 12. All members are requested to be present.

Refreshments were served by Winifred Kamp and Dorothy Kay.

Stuarts Return Here: To Work for School

Mr. and Mrs. J. R. Stuart and family, former Tahoe City residents, are returning to this area to make their home and Stuart has been employed as engineer for the Tahoe-Truckee Unified School District and will have charge of maintenance of the new high school building when it is completed. They have been residing on the Frisky Mule Ranch near Millford for the past several months.

Christian Scientists Start Sunday School

It was announced this week that beginning this Sunday, Sunday school classes will be conducted by the Truckee group of Christian Scientists at the Wyethia Club house. Teachers will be Mrs. John Rabin and Mrs. E. C. Bayer. All children not affiliated with other churches are invited to attend at 9:30 a.m.

Borneman Gets New Boat After Board Debates

NEVADA CITY—Tom Borneman, state fish and game warden for the Truckee area, is getting a \$250 fiberglass boat and a \$150 trailer to transport it, out of county funds collected from angler and hunter fines.

He told the board of supervisors Monday that a collapsible boat bought for him by the state is not satisfactory. He could carry it on his car but its canvas kept demanding repairs. He couldn't get a better boat from the state, so he'd do as a number of wardens elsewhere were doing: ask the county for help.

Where could the money come from? some one asked.

"From fish and game propagation funds," said County Clerk Ralph E. Deebie. "We can't use this fund except for fish and game purposes."

Questioned by Supervisor Carl J. Tobiasen, Borneman said the fiberglass boat was just what he needed on lakes in the rough mountain area he patrols. A retailer at Truckee had told him of seeing it dropped 30 feet without damage and of being unable to make it leak by striking it with a hammer. Borneman thought it preferable to a lighter aluminum boat for his purposes.

"But one man can't handle it without help and I could get this help from a trailer," the warden said.

"A good aluminum boat would be cheaper and would save buying a trailer," said Supervisor Frank J. Rowe. "It could be carried on top of a car and could be taken places where a trailer couldn't go."

"Besides, why doesn't the state, which keeps half the fines, equip the wardens?"

"If Tom needs the boat and trailer and if we have the money, I move we get it for him," moved Tobiasen.

After a pause, Supervisor J. C. Coughlan seconded the motion. Supervisors Guy N. Robinson and Henry G. Loehr joined them in voting aye. Rowe voted an emphatic no.

GATEWAY SEWER PROJECT STARTED FOR SHOP CENTER

Work of installing the new sewer line from the Gateway Shopping Center to connect with the sanitary district facilities started this week as Ernie Dugan began the excavating. Richard Belcher of Carnelian Bay is the engineer in charge.

The project was made possible through an agreement between the sanitary district and Richard Joseph whereby a monthly connection charge will be made for the area outside the boundaries of the district.

School, Hospital Leaders Report to Lions Club

Superintendent E. V. O'Rourke told the Truckee Lions Club of the progress of work on the new Tahoe Truckee high school plant and Charles R. Heller, board president, gave a similar report on the new Tahoe Forest Hospital. The two projects are rapidly nearing completion west of here, at a combined cost of nearly a million and a quarter dollars.

Guests at the meeting were C. Bruce Langdon, Fairfield; Nello Baldocchi, Antioch, and Frank Burke, Auburn educator.

Robert Seibold presided.

Shattuck "Takes it Easy" Following Sudden Attack

Overwork was blamed for the collapse Sunday morning of Verne Shattuck, owner and manager of the Donner Theater here and the Tahoe Theater at Kings Beach. Dr. L. D. Nelson said the popular local man will be required to "take it easy" for several days.

In the meantime, his efficient staff will continue to keep the two theaters operating on schedule.

From Sacramento—

Mr. and Mrs. John Clark and Mrs. Roy McKinnon of Sacramento spent the weekend at the A. Mahne home.

Growth Of Area Shown In Gain Of Local District

Peak Demand KW Load Boosted 70 Per Cent Over Year Ago

The growth of the Truckee area may be measured by the greatly increased demand made upon the Truckee Public Utility District for electric power.

The total kilowatts used by the district in July was 281,600 against 179,600 for the same month a year ago, or an increase of over 56 per cent.

The total peak demand for electric energy by the district for July was 624 kilowatts while for the same month last year it was 368 kilowatts, an increase of 256 kilowatt of peak demand or nearly 70 per cent.

The increase during this summer is an indication of the industrial growth that has taken place during the past year, largely attributed to the operation of the Truckee Lumber Co. which has one of the most modern all-electric mills in northern California, with a load of over 600 horsepower now operating and more motors being constantly added. George Kaspian, owner of the mill, states that his planned improvements and additions will call for a total of about 1000 horsepower of energy within the coming year.

Crandall Brothers of the Hill Top Lumber Co. are also adding a planing mill to their operations that will add nearly 50 per cent to their electric load in the near future.

The domestic load of the district is also increasing monthly, due to new homes and greater use of electricity in cooking and heating.

This increased use of electric power, says Manager C. Edmunds, is making it necessary for the district to greatly increase the size of its lines and the capacity of its transformers and switching equipment.

Orders have been placed by the district for new switchboard equipment at the substation of the Sierra Pacific Power Company, which serves the district and new automatic line switching equipment will be added in the near future to further protect the operation of the lines in the business and residential areas.

LOG TRUCK CITED AS CRASH CAUSE AT TRAFFIC STOP

Dwight T. Casto, 29, Reno, driving a logging truck for H. E. Williams of Kings Beach, was cited for driving without due caution, exceeding the legal 40 miles an hour with his load and having faulty brakes, following a rear end collision two miles west of the state line Tuesday morning at 11:30 o'clock.

A car, the driver of which was not identified, had stopped for the flagman on a construction job and a Garrett Freight Lines truck, driven by Don Cole, 28, Richmond, pulled up and stopped behind the car. The logging truck, according to Patrolman William Gautsche, was unable to stop and hit the rear of the Garrett vehicle, knocking it 27 feet and into the car.

Mock Initiation Tonight At Meeting of Sisters

A Mock Initiation will be held by Summit Temple, Pythian Sisters, tonight at 8 p.m. in the IOOF hall. Officers and staff will wear formal. Refreshments will be served at the California Cafe following the meeting.

Women Hear Bishop, Name New Secretary

Forty members of the Wyethia Club enjoyed the talk of Bishop Noel Porter on Friday evening, when he combined humor with his inspirational talk to those present. Mrs. Barney Phipps presided at the business meeting at which Mrs. Jack Neugebauer resigned as secretary of the organization. Mrs. Douglas Barrett will take over the office until the election to be held the first part of November.

Ledbetter Is Freed On \$3,000 Bail

Wiley H. Ledbetter, 33, Truckee, was released from county jail on \$3,000 bail Monday for hearing in superior court on charges of drunk driving and hit-and-run. He had been bound over by Justice Foster Wilson after a preliminary hearing. It was testified that on August 14 he ran down a motorcyclist, William R. Matson of San Diego, on Highway 40 east of Truckee and left him after causing several minor injuries.

DISTRICT GOVERNOR MAKES VISIT TO TAHOE LIONS CLUB

KINGS BEACH—District Governor George Richter of Meridian was the speaker before the Lake Tahoe Lions Club last Thursday night. He gave an interesting talk on Lionism, stressing good fellowship, community betterment, inter-club relations and child welfare.

Other guests included Orlan Johnson, Oroville; Lyn Gardner, Colfax; Donner zone chairman; Horace Scheische, Arteria; Larry Rood, vice president, presided in the absence of President Harry Charrison.

With the coming of fall, the Lake Tahoe Lions Club will be more active on Lionism and Lake Tahoe projects, reports Lion Tamer Mel Throop.

East Nevada County Span Limits to be Posted

NEVADA CITY—Road Commissioner J. F. O'Connor said yesterday he will post as soon as possible the load limits assigned by the state department of public works to 14 county bridges in eastern and northern Nevada County. The board of supervisors Monday accepted the state recommendations and ordered the posting.

JAP FEACE ENVOYS, HERE ON TREATY, ARE LAKE VISITORS

HOMEWOOD—Four members of the Japanese government, in this country to take part in the peace treaty talks in San Francisco, were sent to Lake Tahoe to see its picturesque beauty by Gov. Earl Warren. They spent an enjoyable afternoon at Homewood Resort after a six weeks' tour of Washington, D. C.

They were Theodore T. Egawa, interpreter for the army department; Deputy Director Toshio Yoshihashi, chief of investigation division of the Japanese government; Naomi Nishimura, member of the house of representatives of Tokyo; and Nobuo Kashiwamura, chief superintendent of national rural police of Tokyo. The representatives were accompanied by Patrolman Snyder of the state police in Sacramento.

Egawa stressed how very cordially they had been received in the United States.

Tax Jargon Confusing To Untrained Ears

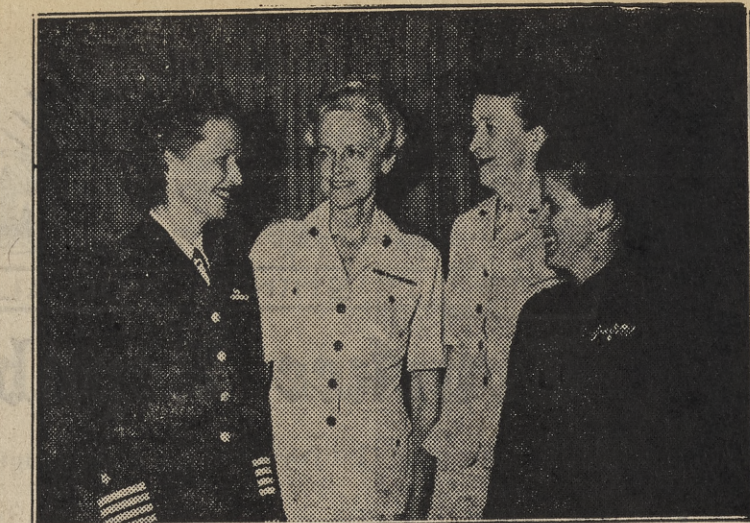

NEVADA CITY—Unless public financing is very complicated on Mars, a visitor from that planet would have been surprised to hear such things as the following at Monday's budget hearings before the Nevada County board of supervisors:

"A cent is \$2302." (Translation: a one-cent levy on every \$100 of assessed valuation in Nevada County will yield \$2302 in taxes.)

"Delinquencies are 2.71." (Translation: there was a 2.71 per cent rate of delinquency in tax payments for 1950-51.)

"A dollar was 42 cents at the Korean war and it's only 31 cents now." (Translation: the purchasing power of the dollar dropped after the beginning of World War II down to 42 per cent a year ago and to 31 per cent now.)

"\$30,000 is only \$5,000." (This translated means that if expenditures to needy children in the county are cut by \$30,000, the county would save only \$5,000 because the balance comes from state and federal agencies.)

WOMEN CHIEFS IN THE ARMED FORCES—At the Pentagon, Capt. Joy Hancock, USN (left), Director of the Waves, was congratulated on the ninth birthday of the organization by Col. Katherine A. Towle, USMC (2d from left), Director of the Women Marines; Col. Mary Jo Shelly, USAF, Director of Women in the Air Force; and Col. Mary A. Hallaren, USA (right), Director of Women's Army Corps. WAVES (Women Appointed for Volunteer Emergency Service) first joined the Navy on July 30, 1942, when Congress authorized enlistment and commissioning of women in the Naval Reserve. With passage of the Women's Armed Services Integration Act in June, 1948, women for the first time became an integral part of the regular army.

FIRST AID ON THE FIRING LINE—Pfc. Robert E. McCullen, of Elizabeth City, N. C., bandages a sharpnel wound in the left leg of his buddy, Pfc. William Englohart, of New Cumberland, W. Va. Such scenes were familiar in the battles in Korea.

Hospital—Mel Throop is a patient in the Bond Memorial Hospital, Reno, from Kings Beach. He expects to undergo surgery there this week.

FIRE PROTECTION, PREVENTION IS CLUB TALK TOPIC

HOMEWOOD—The Tahoe City Rotarians met for luncheon at Homewood Resort on Tuesday with 69 members and guests present. Visitors included 40 from other California communities, two from Texas, three from Nevada, one from Arizona and one from Oklahoma.

President Don Snyder conducted the meeting and introduced the guest speaker, Thomas Robert Edwards of San Francisco. His talk was on fire protection and fire prevention. A demonstration had been planned to show how to retard fire. However, owing to the weather conditions, this demonstration had to be dispensed with. Snyder, in closing the meeting, asked all Rotarians to attend the memorial service for the late Theodore Schlueter at the Episcopal Outdoor Chapel next Sunday. Bishop Noel Porter officiating.

At next Tuesday's Rotary Club meeting, the Boy Scouts of Lake Tahoe will be present.

Nevada City Group Will Attend Tahoe Chapel

TAHOE CITY—The Trinity Episcopal Church congregation, which goes from Nevada City to Tahoe City next Sunday to attend the 11 a.m. Outdoor Chapel service conducted by Bishop Noel Porter, may stay for a ceremony follow-

ing the service.

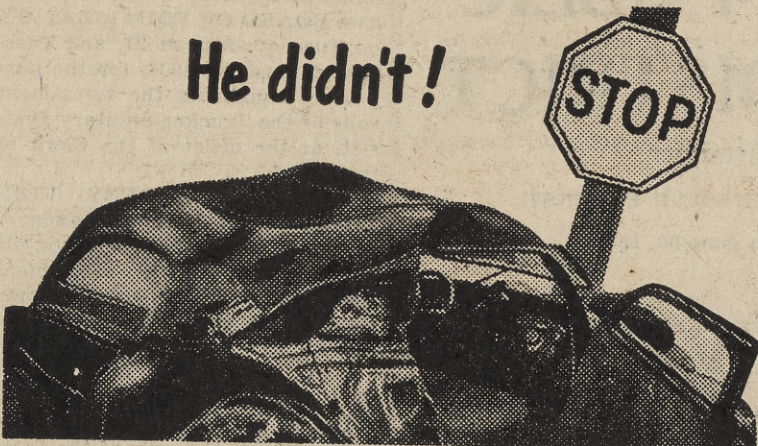

In the ceremony one of the giant cedars in the forest surrounding the chapel will be dedicated to Theodore Schlueter of Tahoe Park, Lake Tahoe civic and club leader, who passed away June 14.

The Nevada City group plans to have a picnic at Tahoe before returning home Sunday.

CATHOLIC BAZAAR NEXT THURSDAY AT KINGS BEACH

TAHOE CITY—The Catholic Bazaar and Buffet Supper was conceived by Father Patrick O'Neill of Truckee as a means of financing the operation of his three parishes at Truckee, Tahoe City and Kings Beach, and according to advance indications it looks like it will be a sell-out.

Tickets are going fast, according to Ed Malloy, chairman of the Kings Beach area, and John Cunningham, chairman of the Tahoe City area. Big attractions are the new Henry J. automobile and 12 foot deep freeze which some one will take home.

Mrs. John Cunningham, who is assisting in the organization of the women of the parish will be assisted by Mrs. Martha Snyder and Mrs. Anne Martin.

The women of Kings Beach will prepare and serve the food on the big day, Thursday, August 30. The activities will begin at 2 p.m. in the Brockway Shops Building, adjoining the Sportsman in Kings Beach.

Ed Malley is general chairman and chairman of the liquor booths. Other booth chairmen, according to Father O'Neill, are John Cunningham, ham booth; Mrs. Cecil Crolley, cakes and candy; Emil Recordon and Cliff Duhon, cold drinks, etc.; Mrs. Peggy Powell, Miss Betty Parkhurst, miscellaneous; fish pond by the children. The buffet supper menu will include ham, turkey, salads and coffee. Mrs. Ed Niell and Mrs. Jean Little are in charge of the supper and will be assisted by the dining room staff of Cal-Neva.

The Tahoe City women will offer two booths, with cakes, other foods and fancywork for sale. One booth will be devoted to coffee.

Tickets for the event are still available and may be obtained from members of the committee and other parishioners.

The public is cordially invited to attend.

MEDALS OF HONOR FOR WAR HEROES—In a ceremony at the White House, President Truman (right) congratulates Capt. Raymond Harvey, of Pasadena, Calif., after presenting the infantry captain with the Medal of Honor. Three other infantrymen standing alongside also received Medals of Honor for distinguished gallantry in action in Korea. They are, left to right, Capt. Lewis L. Millet, of Haverhill, Mass.; M/Sgt. Stanley T. Adams, of Olathe, Kans., and Sgt. Einar H. Ingman, of Tomahawk, Wis. Behind them stand distinguished officers of the Armed Forces who witnessed the ceremony. In the center is the late Admiral Forrest P. Sherman, Chief of Naval Operations, who died suddenly in Italy, July 22.

TAHOE BY ANY OTHER NAME IS STILL A NATIONAL BEAUTY SPOT

History—until fairly recently—has ignored the "mountain men" and their contribution to western history. These men were trappers who singly or in small groups ranged the western plains and mountains in search of pelts decades before the days of the "pioneers". In fact in the later days they served as guides to overland parties.

Usually they kept scant records if any and were too busy to write more than sketchy accounts of their wanderings. At least two of these, Jed Smith and Caleb Greenwood, passed close to Lake Tahoe—the former as early as 1828. It seems incredible to believe that these men, who were usually on excellent terms with the natives, should not at least have heard of this jewel of the Sierra, for it is interwoven with much of the Paiute and Washoe folk lore.

However, historically speaking, John Charles Fremont and Kit Carson are credited with discovering Lake Tahoe on St. Valentine's Day, 1844. They came upon the lake from the south during Fremont's second exploratory expedition into the cartographic void lying between the Rockies and the

Sierra. Fremont, with characteristic ceremony, christened it "Lake Bonaparte" after Andre Bonpland, his botanist companion on this journey. Fremont later also referred to this lake as "Mountain Lake" and for a time at least regarded it as the source of the American River.

In 1853, the official maps of California designated the big lake at "Lake Bigler" after John Bigler, third American governor of California. An attempt to change the name from Bigler to Tula Tula failed in 1861. William Henry Knight sought to have the name changed to Tahoe and on many maps and most tongues, that is what the lake came to be known as after the 1870's.

However, a footnote on history reveals that it was not until July, 1945, that the state of California finally got around to officially changing the name from Bigler to Tahoe.

The simple five-letter word is popularly pronounced "Taw-hoe" but the late Frank Carroll Giffen, a native of the region and an accomplished linguist and phonics expert, contended the original Indian pronunciation was simply "Tayo". We also occasionally hear "Taw-hoo", "tay-HO" and an infinite variety of difficult to reduce to phonetics.

"Tahoe", "Bigler" or "Bonaparte", the great lake is today one of the most beautiful and widely admired summer and winter playgrounds of America—and if the early fur trappers missed it in their travels, they really missed a real treat after months in the wilderness.

State to Start Work Soon On Mammoth Printery

SACRAMENTO —(C. N. S.)—Actual construction of a new state printing plant will start in a short time, it was announced Tuesday as Director of Public Works Frank B. Durkee authorized a call for bids to begin the structure.

The plant, which will be located in an industrial area at 7th and North B Streets in Sacramento, ultimately is scheduled to cost \$3,000,000. It will house the largest single printing plant west of Chicago.

The bids authorized on Tuesday were for structural steel work, which will cost approximately \$340,000.

COUNTY VETERANS GET STATE AID IN BUYING HOMES

SACRAMENTO —(C. N. S.)—Increase in the number of veterans purchasing homes through state-financed contracts was predicted today by D. J. Callaghan, director of the department of veterans affairs.

Callaghan said at the close of business June 30, veterans in Nevada County were purchasing 34 homes at a contract price of \$213,799, as compared to 23 at \$140,859 the same time a year ago.

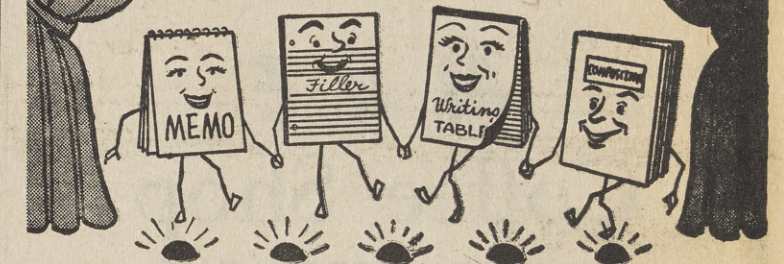

The department director declared the authorization for increases in the amount the state can loan from \$7,500 to \$8,500, and the amount of appraised value from \$10,000 to \$11,500 would result in further increased buying.

Statewide, he said, 28,726 veterans are financing homes at an aggregate contract price of \$187,819,536, compared to 23,035 veterans who were paying \$142,792,305 on June 30, 1950.

This, Neighbor Counties Share in Highway Taxes

SACRAMENTO —(C. N. S.)— Nevada County's share of the gas tax fund for the quarter ended June 30 totaled \$48,857.15, according to announcement made yesterday by State Controller Thomas H. Kuchel.

Neighboring counties' shares: El Dorado, \$73,644.57; Placer, \$80,794.67; Sierra, \$27,285.52.

Kuchel said he had completed distribution of \$59,592,309 from the highway users tax fund for the quarter, a sum which represented an increase of three and a half million over the previous quarter and nearly nine million over the corresponding quarter last year.

State Fair to Open on August 30th

California's multi-million dollar State Fair, which this year is placing the accent on youth, opens Thursday, August 30, at Sacramento, for an 11-day festival of unparalleled scope and entertainment.

Brimming with a thousand-and-one features, the 1951 edition of the Fair, the state's 92nd, will swing into joyous action with the opening day ceremonies set for 10 a.m. These ceremonies will center around the great redwood statue of "Youth" on the Mall in front of the main entrance to the Counties Building. Top state and fair officials will participate in the impressive ceremonies along with Carroll Barnes, who fashioned the statue; Patricia Lehman, "Miss California," and thousands of youngsters.

At the conclusion of the ceremonies, Fairgoers may inspect the wonders concentrated on the 207-acre site, beautifully landscaped for the big show.

The wide expanse of barns will be packed with purebred livestock, in competition for thousands of dollars in premiums. The colorful and ingenious exhibits of 38 counties, together with those of many foreign nations, and the Wine Institute will fill the Counties Building to overflowing.

Elsewhere on the grounds will be hundreds of horses, the equine performers in the Horse Show and the races. And on Sundays the race horses will give way to rocket like speedboats.

Exhibits, varied and interesting, may be found in the great exhibit palaces, ranging from hobbies to atomic energy.

Work of scores of California artists will be on exhibit at the Open

VITAMINS PLUS— Pretty Nancy Bogdan holds aloft samples of some of the scores of vegetable specimens which will call attention to California's agricultural supremacy at the State Fair August 30 through September 9 in Sacramento.

Air Art Show, augmented by a Hand-loom Fabric Fashion show and the showing of color transparencies.

Millions of blooms will be on display at the gorgeous Flower Show and nearby will be dozens of public service exhibits. The Armed Services exhibit, formerly in this area, because of its larger size this year, has been moved to a locality near the 4-H buildings.

Among the new attractions this year will be the comprehensive Pacific Telephone and Telegraph Company exhibit in Governor's Hall and the California Junior Museum, which will provide an exciting lesson in natural history.

Daily free vaudeville, hand concerts and special events will add

to the gaiety of exposition.

Night attractions will be ushered in by spectacular fireworks. These attractions, in addition to the Horse Show, include the dazzling Pageant of California Fashions and Night Theatrical Spectacles, headlining such sterling performers as Jerry Colonna, The Sons of the Pioneers and Dennis Day. They will star in the three units of the night shows—Circus Days, Dude Ranch Days and A Night in Bagdad—all with strong supporting casts.

Admission price to the Fair grounds is 50 cents, including tax. This low price was set in 1909. Children under 12 are admitted free.

GOV. WARREN SIGNS DOE HUNT ORDER WITH RELUCTANCE

Governor Earl Warren's office announced that before his departure to visit the 40th National Guard Division in Japan, he gave his consent to orders of the fish and game commission establishing two special antlerless deer hunts November 3 to 11.

The orders provide for issuing 2300 permits to hunt deer without antlers in the Devils Garden region of Modoc County and 1700 in the Doyle-Red Rock area of Lassen and Plumas Counties.

In signing them, the governor said: "It is difficult for me to sign any order of this kind, because I have been raised in the tradition of not shooting does, but if it is the scientific thing to do to protect our deer herds in regions that are overgrazed, then it must be done."

The biologists of the fish and game commission reported that the areas have been under continuous study for five years and that management of the two deer herds has become essential.

The orders were passed on by the entire fish and game commission and strongly recommended

by Warren T. Hannum, director of natural resources, and Seth Gordon, consultant to the state wildlife conservation board. Federal game officials, including the chief of the division of wildlife management, U. S. Forest Service, also urged the special shoots as necessary.

In both cases, biologists told Governor Warren, if the recommended harvest of antlerless deer is not taken, the future existence of both herds will be imperilled.

The bordering states of Oregon and Nevada have already established antlerless deer hunts on their sides of the border to take 2000 animals in the Modoc interstate herd and 800 in the Doyle interstate herd.

In Colorado, Utah, Oregon and Washington, does have been hunted for a number of years, in each instance resulting in improved buck hunting subsequently.

The governor said he was consenting to the hunts in California after the fish and game commission assured him that the herds must be managed along similar lines if good hunting is to be maintained in this state.

COUNTY BOARD KEEPS HANDS OFF POLICY ON LAKE SPEED ZONES

AUBURN—The Placer County board of supervisors agreed to leave the matter of speed limits at Lake Tahoe up to the state division of highways and letters to this effect have been sent to persons requesting action on the subject.

Supervisor L. L. Anderson said a number of complaints has been received from Tahoe residents and some have requested a 35 miles per hour limit on lakeshore highways. Blair Geddes, district traffic engineer for the division of highways, said a single uniform speed limit would not apply to all sections of the highway. He said his division was studying the situation and has posted a number of sections where restricted limits were deemed advisable.

FASHION SHOWS ARE HIGHLIGHTS AT WOMEN'S MEETING

TAHOE CITY—Sixty-six ladies attended the Tri-County Summer Conference of Federated Women's Clubs at Homewood Resort last Thursday.

Morning sessions were devoted to reports from presidents and committee chairmen, with luncheon and a fashion show enjoyed by the group at 1:30 p.m. The tables were set out on the porch of the resort under colorful umbrellas, with models displaying the latest fall fashions first, then some of the finery of grandmother's day. Models included Sally Pringle, Patti Scott, Beccy Shontz, Vey Young, Mrs. Poulsen, Marian Von Geldren and Catherine West.

Highlight of the show was the lovely old white china silk and lace wedding gown, modeled by Patti Scott, which was the height of fashion in 1893. It boasted a 21

inch waist and was still in excellent condition. It was offered for exhibition by Mrs. Louise Geier, whose mother, Mrs. John B. Drake of Peoria, Ill., was the bride who was married in it. Mrs. A. A. Snyder also brought several old fashioned gowns which had belonged to past generations of her family, one an attractive Gibson Girl model worn by Mrs. Beccy Shontz. The show was highly entertaining and enjoyed by all.

In the afternoon Mrs. Amer C. Stolp, state president, was guest speaker. She stressed stronger legislation, broader education in Bible literature and in literature, drama, motion pictures, scholarships for nurses, exchange of foreign students and urged members to keep abreast of the times, to give their time and effort to club work outside the home and to develop friendships. She was presented with a lovely gift at the conclusion of the afternoon session.

Mrs. Laura Wilson was piano soloist and Donna Gridley was vocal soloist. Homewood Resort owner C. Don Huff hosted the conference.

Mesdames Gladys Friday and Fred Thomsen are co-hostesses for the next meeting of the Women's Club of Tahoe the first Thursday in September.

MOBILE X-RAY UNIT IN TAHOE AREA ON AUGUST 30 - 31

TAHOE CITY—A mobile x-ray unit will be in the Lake Tahoe region August 30 and 31, according to plans just released by the Placer County T.B. and Health Association. Free chest x-rays will be given to all who care to avail themselves of this opportunity to check up on their health.

This service is made possible by the region's generous response in the last Christmas Seal sale.

It will be stationed at Tahoe City in front of the post office August 30 from 10 a.m. to 1 p.m., 3 to 6 p.m. and 7 to 8 p.m. The unit will be under the sponsorship of the local PTA and directed by Mrs. Marie Henry.

August 31 will find it located in front of the post office at Kings Beach where the hours will be 10 a.m. to noon, 2 to 6 p.m. and 7 to 8 p.m. Here it will under the direction of Mrs. Alice Sorensen, assisted by volunteer workers.

Mark Twain said that three months at Lake Tahoe would restore an Egyptian mummy to his pristine vigor, but that was 85 years ago and things have changed in a lot of ways. Better have a checkup to make sure that you will not soon become a candidate for such an interesting experiment.

Scattered Thunder Showers Dampen Tahoe Region

TAHOE CITY—The Tahoe area got spotty relief from a long dry spell last week as the result of a series of thunder storms, according to Observer A. E. Frodenberg. August 17 was cloudy with a trace of rain and thunder showers three miles north of Tahoe City but the skies were clear by seven o'clock. Clear until noon the 19th, it rained lightly until 4:30 to the accompaniment of thunder and lightning. Precipitation totalled .03 of an inch.

Daily high and low temperature reading were Aug. 13th: 79, 38; 14th: 77, 39; 15th: 83, 41; 16th: 83, 43; 17th: 77, 48; 18th: 84, 47; 19th: 79, 48; 20th: low 44.

The lake level Monday stood at 6228.13 with 14 gates open.

EMPTY SHELLS SEEN AS AIDS IN FIGHT ON FOREST FIRES

Alex "Tex" Jordan, Vallejo realtor, has won the hearty endorsement of forest fire experts for his ideas on how to prevent cigarette butts from starting forest fires.

His idea: "Carry an empty cartridge of .38 or similar caliber on outdoor trips. Put the glowing end of the cigarette butt in the cartridge. The cartridge fits closely around the cigarette and will snuff it out in a fraction of a minute."

Jordan sent a 38 shell to Frank Jefferson, fire control chief for California region of the U. S. Forest Service. Jefferson tested the idea successfully and recommends it to smokers as an additional safeguard in forest and range areas where smoking can be done safely in accordance with legal requirements.

The forester pointed out that smokers were the No. 1 cause of wildfires in California last year.

USFS and TCVFD Unite To Battle Blaze

TAHOE CITY—The Tahoe National Forest crew of Tahoe City, under Clarence Beavers, on Monday of last week were called in midafternoon to the ridge above Page Meadows to extinguish a fire which was rapidly gaining headway. The Tahoe City Volunteer Fire Department, led by Chief Al Henry Jr., also joined the fire fighters and Beavers at once threw a line around the scene of the fire and it was held to approximately a tenth of an acre.

The fire is believed to have started from a carelessly tossed cigarette or a spark from a chain saw being operated on a nearby logging project. Mopping up operations were concluded about 1 a.m. Tuesday.

The Jim Easton family has a change of address from Tahoe City to Sacramento.

Mrs. Gerda Kvistberg is visiting at Tahoe City from Burlingame.

Cocktail Party

TAHOE CITY—Mr. and Mrs. Clay Sherman of Oakland, up for a brief vacation at the lake, entertained at cocktails Sunday evening for Mr. and Mrs. John Fritzsche of San Francisco and Mr. and Mrs. Edward B. Scott of Tahoe City.

In spite of these inflationary times, your telephone brings you more real value for your money today than ever.

HERE'S AN EXCEPTIONAL BARGAIN

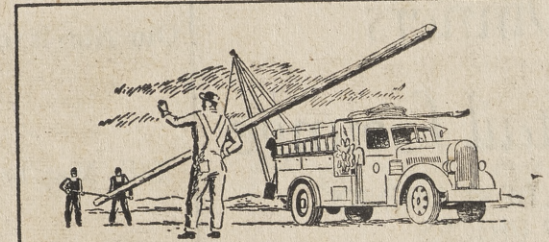

Your telephone dollar buys more telephone service than in 1940

1. The way prices on most items you buy have shot up, in these inflationary times, you might expect that your telephone rates would have gone along, too. For, just as the things you need to run your home have climbed, so have our costs of providing telephone service—wages, taxes, material costs. But actually, the increases in telephone rates do not even cover our increased wage costs alone.

3. You have more telephone service—and better telephone service—today than ever. And the value you're getting for your telephone dollar is due, basically, to just one thing. Over the years your telephone system has had the financial strength to attract the investors' money needed to build the equipment and develop telephone service to a mighty efficient level. And with a financially strong system, the telephone can continue to grow in value and usefulness to you and to all the nation.

2. You buy telephone service for just one thing—to have a quick and handy way to keep in touch with other people. Today you can call about twice as many telephones as you could in 1940. And when you compare just that one tremendous increase in value with the small increase in telephone rates, you can see that what you pay for service has actually dropped considerably—in terms of what the telephone can do for you.

Your telephone is one of today's best bargains

SWANEE'S TAHOE LETTER

PHONE TAHOE CITY 39W

Tahoe City, August 20
Dear Tahoeites:
Feminine hearts stood still for a few brief moments Saturday afternoon in Tahoe City as Clark Gable, described by Louella Parsons as "the king of Hollywood", stepped from his classy Cadillac convertible and strode into a local drug store for a few moments. Gable has denied reports that he is at Tahoe (Nevada side) to establish residence for a quickie divorce from Lady Sylvia Ashley. "I'm just here for a holiday," Gable told news men. He has just completed a picture, "Lone Star," and wants to "relax a little." If you're interest-

ed, he's registered at Glenbrook Inn on the east side of the lake.
And speaking of notables brings to mind the short but excellent accordion concert we heard this morning in the market downstairs. It was Larry Salerno of Sacramento who was playing and we were sorry when he left. He is spending the weekend at a Lake Forest resort operated by Mr. and Mrs. William Hunter. He is accompanied by his friend, Sam Amato of Lodi, a tenor of local renown. The boys have been entertaining at Bacchi's while here but return to Sacramento today where they are engaged in one of the popular night spots.
Recent guests of the Hunters were Mr. and Mrs. Clifford Lee and daughter Sandra who hail from Saudi Arabia. Mrs. Lee at one time was employed during the summer here, later married and

U.N. Medal for Personnel Serving in Korea

The establishment of a United Nations medal for personnel serving with the U.N. land, sea and air forces in Korea was announced recently at U.N. Headquarters. The medal, shown above, is made of bronze alloy and has an approximate diameter of 1 1/2 inches. It is attached to a ribbon with nine blue and eight white vertical stripes. One side carries the inscription "For Service in the Defense of the Charter of the United Nations," and the other the U.N. emblem.

for the past four years has resided in Arabia, where he is employed in the public relations department of a large American oil company. They are well pleased with their new home and plan to return by the first of October, after having enjoyed a four months vacation in the States. They are former residents of Lodi.

Mr. and Mrs. Lynn Kishbaugh of Tahoe's Pineland returned on Saturday morning from a week's vacation which took them to visit with her family, Mr. and Mrs. George Marquadt of San Jose, and to San Francisco briefly. Mrs. Kishbaugh has completely recovered from her recent eye operation. They will move by September 1 to Kings Beach where Kishbaugh will assume the principalship of the Kings Beach school.

The new three-bedroom home of Mr. and Mrs. William Bechdel of Tahoe Inn is under construction on Fairway Drive by Contractor Martin Spitsen and his crew of workmen. With good weather in their favor, the family should be able to move in by Thanksgiving.

Dark are the skies above Tahoe City again this afternoon as it appears another thunder storm is approaching. Yesterday thunder and lightning visited this area for several hours, followed by a heavy downpour of rain which registered just .03 of an inch at Art Frodenberg's weather station near the wye. Brisk winds accompanied yesterday's storm.

Another automobile accident marred Tahoe's earlier safety record on Saturday morning around 2:30 when the car registered to John Figone of San Francisco went out of control at Carnelian Bay and turned over. Five persons were reported riding in the car, several of whom were reported injured.

The Tahoe City ambulance Friday afternoon removed Mrs. McMasters to the St. Mary's Hospital in Reno on orders from Dr. C. B. Pedersen. The patient fell and the doctor suspected she might have sustained a cracked sacrum.

I can hear Fall in the song of the winds which are blowing today. The summer is almost over and it won't be long before

Callender's Snow Dance Heralds White Storm

HOMEWOOD—"We just missed it one day," said Ben Callender, of Callender's Lodge, with reference to the Snow Dance staged at the resort on August 18.
Actually the "snow" was hail which briefly covered portions of south Lake Tahoe Sunday during a series of lightning storms.
At any rate, the Snow Dance was well attended and everyone seemed to enjoy themselves. Jim Morhain and Shari Reynolds of Truckee each received a five dollar bill for their excellent and appropriate costumes.

Callender said their next party will be an Empolees' Farewell Party to which will be open to bosses and the public. This will be held September 1.

Tahoe City Golf Tourney Slated on Weekend

TAHOE CITY—The Tahoe City golf tournament will be held on the course here on Sunday, August 26. It will be preceded on August 25 by a junior tournament, open to boys and girls 16 and under.

On August 26 the tournament will have divisions for women and men, with handicaps of 30 and under, for 18 holes of medal play.

winter rains and snow begin to fall. The summer may have been a little slow in getting started this year at the lake, but the crowds certainly made up for lost time when they started coming. I think all businesses will be satisfied with their profits when the season has closed.

SUMMIT SCENE

by FRAN COUILLARD

Lightning strikes in the most unexpected places, said some sooth or another, but of all places it could have chosen was one of the most unlikely when a bolt hit one of the little houses that hid the motor for one of the rope tows on the Sda Springs Ski Hill. Within a few moments, the little hut was burned to the ground while the mountain folk stood around helplessly. Shovels and fire extinguishers were in the background in case said fire chose to leap into the nearby brush. A gentle rain, falling at the time, the train of the thunder's gown, gave its benediction, however, and the kept the blaze within a tiny area.

The Community Club wing ding which will be held on Thursday, as we go to press, will be a weiner roast near the Big Bend Camp ground with the women of the community bringing their baskets of food to make a super-duper pot luck buffet as a complement to the weiners. Understand from some of the lodge owners who are agreed on an organization that a Donner Chamber of Commerce will be banded about and talked over at the Community Club function. We keep tongue in cheek. A few residents whom we have talked with truly believe that a chamber of commerce is the only answer and we have heard this remark from various operators: "If the area doesn't want to cooperate on

U.N. to Issue Own Postage Stamps

The United Nations postage stamps shown above will appear during the fall of 1951 and will be used in all mail sent from U.N. Headquarters. Under a recent agreement between U.N. and the United States, U.N. will issue its own postage stamps and will establish a United Nations Post Office to replace the U.S. Post Office now in operation at Headquarters. Ordinary stamps will be issued in 11 denominations. The airmail series will be issued in 4 denominations.

a program, and start now, then I shall initiate my own on my own!" And we know of one who has definitely started on his own, and not inexpensively either.

Writing about the above reminds us that it won't be too long until winter and thinking about snow time reminds us that we saw an interesting series of pictures yesterday. Said pictures depicted embryonic skiers learning how to ski mechanically. Seems these mechanical "ground" devices are going to be (or are) installed at the Emporium in San Francisco and by the time a student gets thru with his course via machinery, he will be ready to tackle the first snow of winter.

That long awaited baby that would make Mr. and Mrs. Brant Chaplin of Soda Springs Hotel grandpa and grandma for the first time arrived on late schedule last weekend. Name's Cathy. A cute little girl weighing between 7 and 8 pounds. Things will settle down to normal now. While the Chaplins rejoiced with their daughter, Beverly, they also were saddened that within the same week their well-thought-of employee, Clark Felger, entered Weimar Sanatorium for treatment. Clark, who has a great number of friends in the area, has to be quiet for a while and would welcome a card, or indeed a visit, during his rest period.

Jeannie Moriano of Beacon Hill Lodge sports a new DeSoto after the purchase of which a coffee shop employee took off thru a window with the cash box containing the coffee shop receipts. The same day Jeannie gave a small dinner party for the Bourdets, summer residents at Soda Springs, and no one was th ewiser that a big day had been

had by all—if not a nerve wrecking one.

Sorry we missed last week, for that would have been the time to tell you that we saw a "special" show in the way of the Esquire Trio who spent their day off from Hotel Golden entertaining in Reno at beautiful Ice Lakes as guests of Bill Rutherford, trio, with wives and kids. The little impromptu show they put on we were just lucky enough to catch and while we're not too up on present day talent, we'd say these artists are just about the cleverest we've ever seen. With Bill's various theatrical acquaintances including Rubino and his violin, Hilo Hattie and George Wright, the very famous organist who makes a call in these parts once in a while, we'd say the Esquire Trio will rate up these with any of them.

Donner Summit Lodge's Saturday smorgasbord is still a big hit with the natives. Think that some time after Labor Day, if regular custom prevails, will see the last of these luscious summer feasts. Bud Horak's birthday cake maker, Margaret Merrill, will have to be supplanted, however, for the Parley Merrill family has moved to Sacramento where Parley has been transferred. Saw Parley for a few minutes this week and learned that the Merrills have purchased a Sacramento home near the Del Paso Country Club. We'll miss this vivacious and fun loving family, kids and all.

Betty Aro is happy that Edi Aro is now able to abide in the Veterans Hospital at Reno instead of the San Francisco hospital where he has been going for treatment, for Edi is close enough to home so that Betty can travel back and forth to visit him.

Cleaning up after last winter's flood are Daisy Smith, of Rainbow way, and Frances Johnson of Kingvale. Daisy's buckled floor has been hammered back into smoothness as have her warped doors and the big butted pine tree that forced an entrance thru her abode has been pushed back into the wilderness from whence it came. Frances Johnson decided that if the river wanted to make a channel of her house it would have to go underneath it so she upped it six feet and loves it. In summer she has a nice cool basement and for the winter the aforementioned channel of the river. Says Frances, "Hope that the river is nice enough to pile the debris neatly in the basement so I won't have to buy firewood."

PLACER VETS' LOANS

There are 48 Placer County veterans purchasing homes under the state home loan program with a contract value of \$293,742. This is compared with 42 veterans and \$229,897 last year, reports the department of veterans affairs.

Traffic Over Bay Bridge Shows Sharp Rise

SACRAMENTO —(C. N. S.)— Traffic picked up on the San Francisco-Oakland Bay bridge during July, the state department of public works reported Tuesday. During the month, the bridge carried 2,607,988 cars, as compared with 2,546,132 the previous month.

Employment In State Hits New Peak

Employment in California set a new all-time high during July, with 4,504,000 persons at work. This total exceeds the previous record established last October by 8,000 and surpasses the war-time peak reached in September, 1944, by more than half a million, according to the employment department.

Tarzan

by EDGAR RICE BURROUGHS

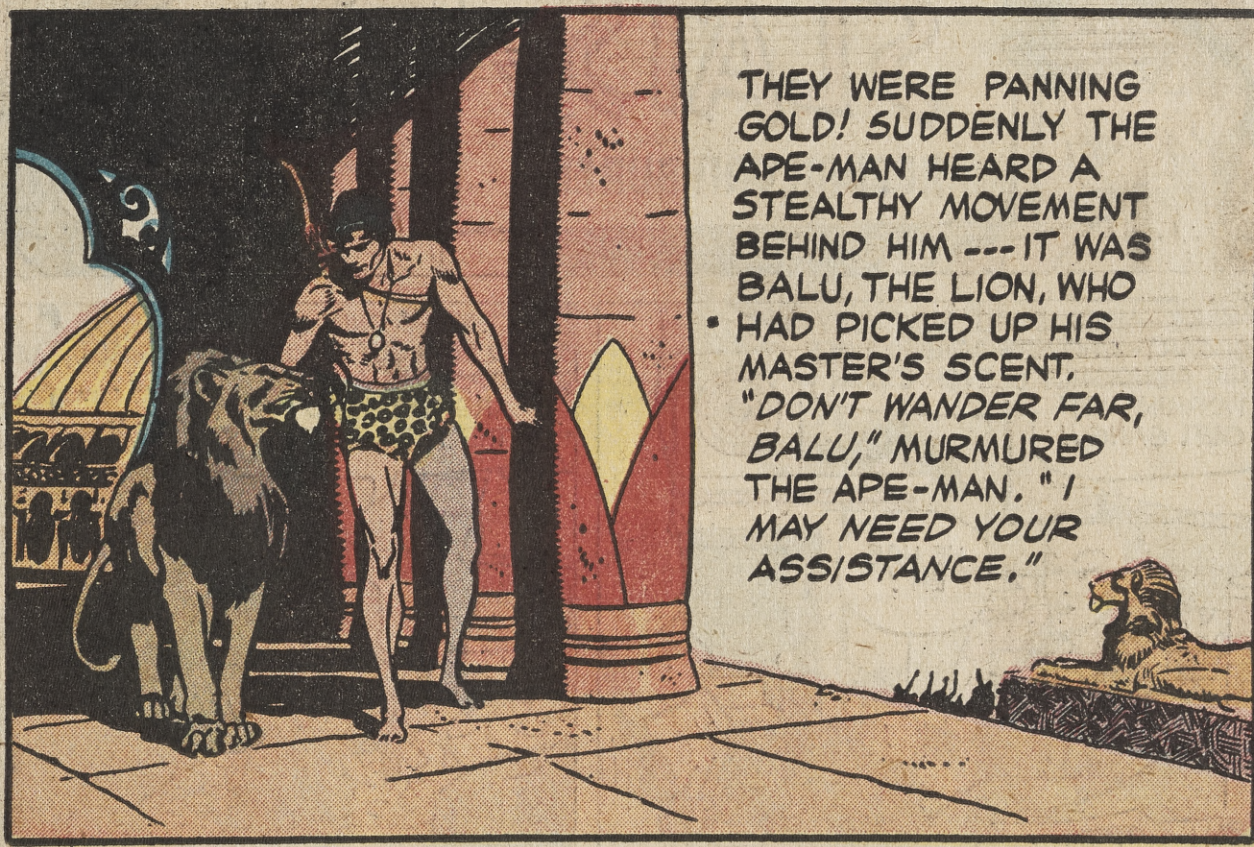

ALTHOUGH TARZAN WARNED THE NATIVES TO PROTECT NANCY BROOKS DURING HIS ABSENCE, THE GOMANGANI DECIDED TO TAKE THE GIRL TO NUMA, THE EMPEROR.

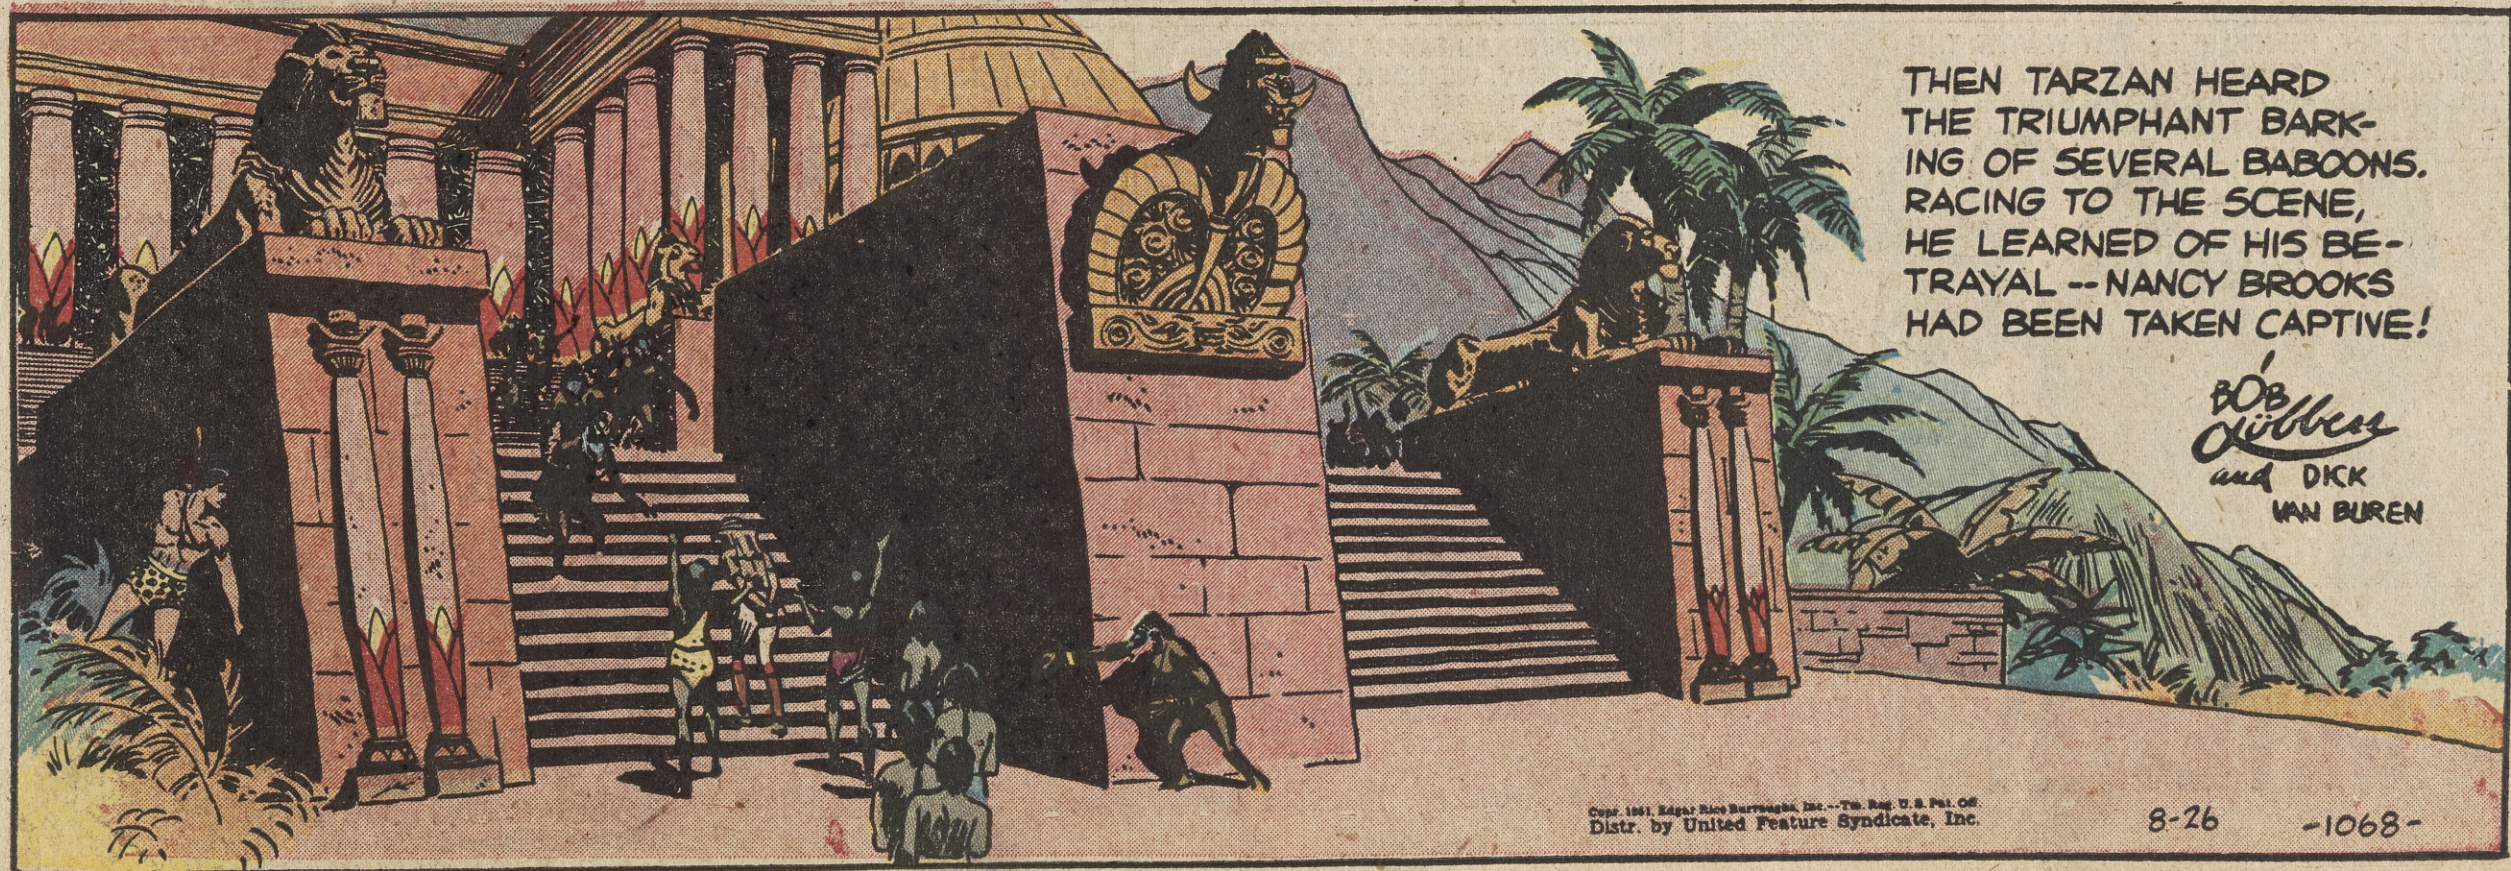

AFTER DISPOSING OF THE CARCASS, TARZAN TRAVELED FAR. PRESENTLY HE SAW A WEIRD STRUCTURE THROUGH THE FOLIAGE AHEAD. OTHER TONGANI GUARDED A MASSIVE BUILDING, RICH IN BARBARIC ORNAMENTATION. THIS MUST BE THE GOLD PALACE OF NUMA, THE EMPEROR!

CIRCLING BEHIND THE PALACE, TARZAN FOUND MANY NATIVES AT WORK, WASHING, SIFTING DIRT, UNDER THE SUPERVISION OF THE BABOONS.

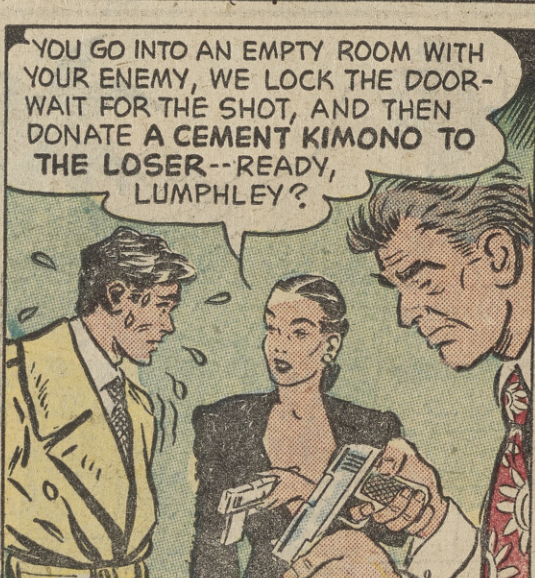

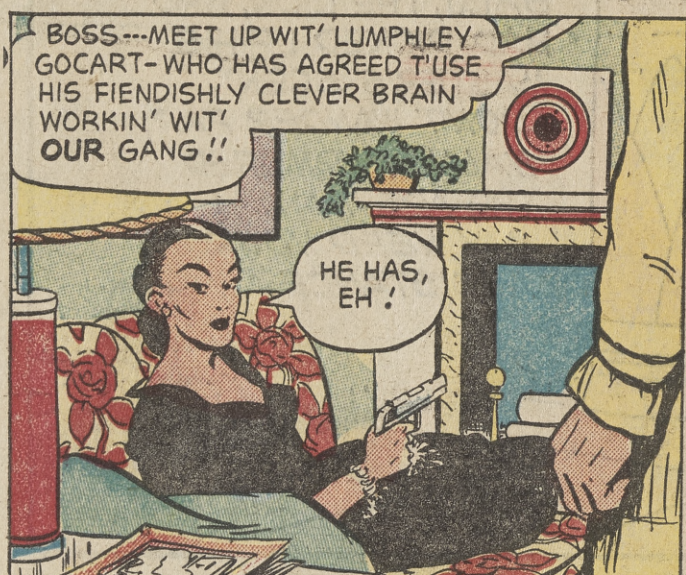

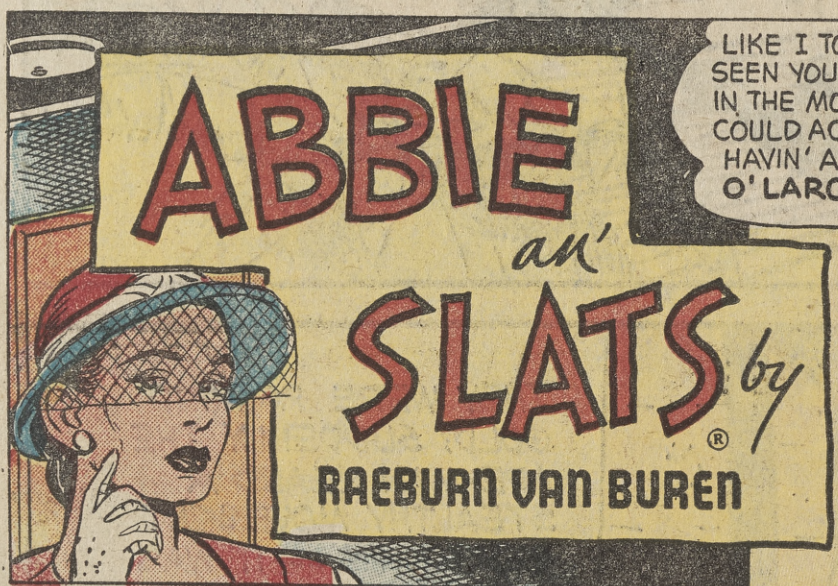

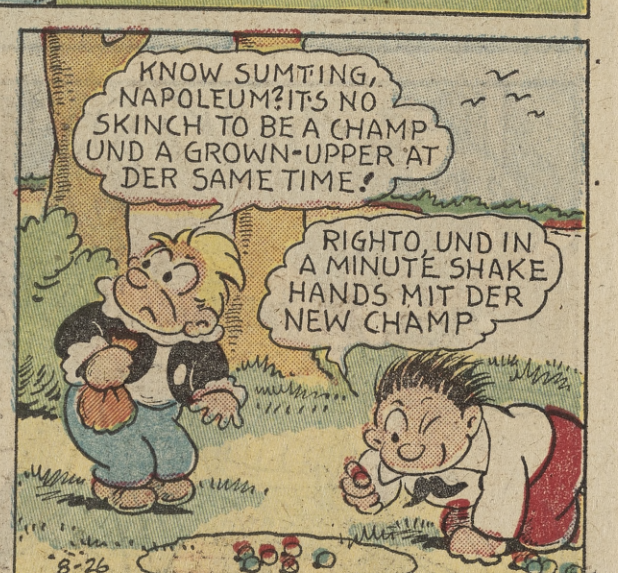

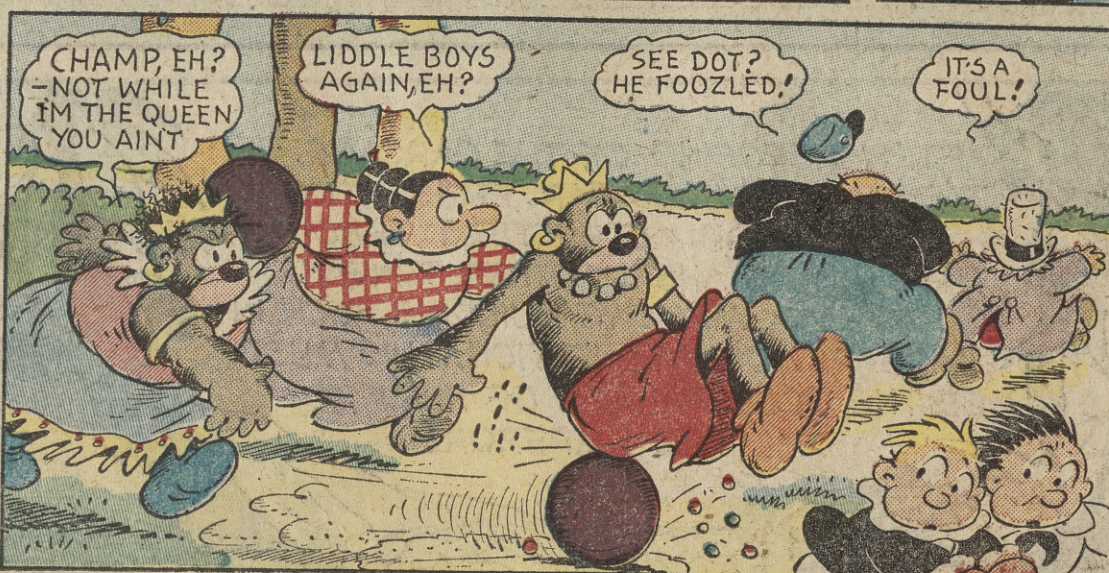

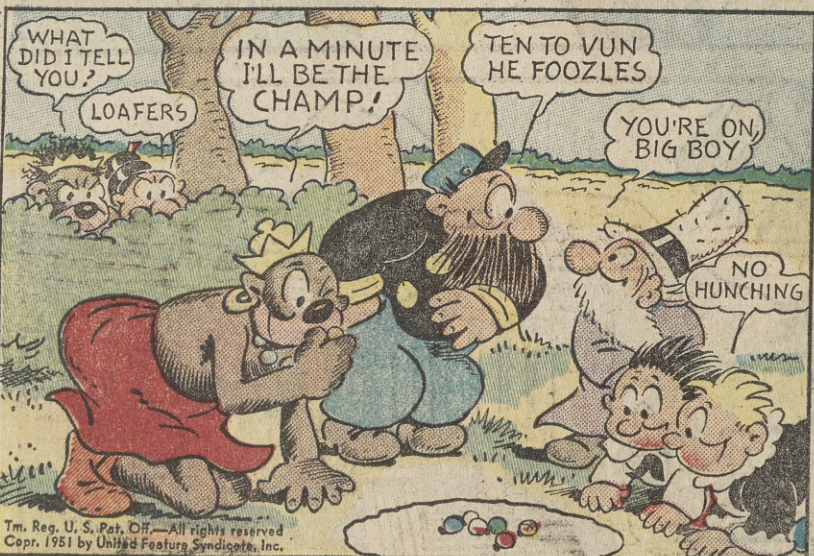

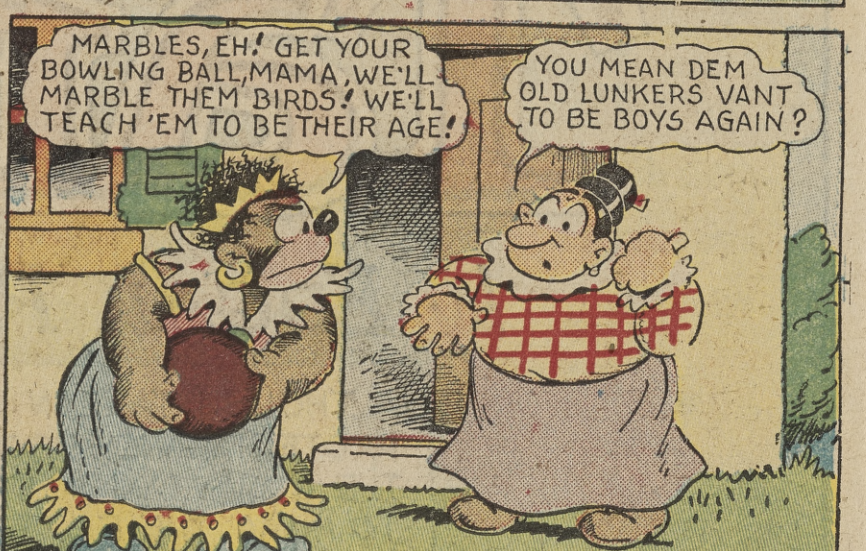

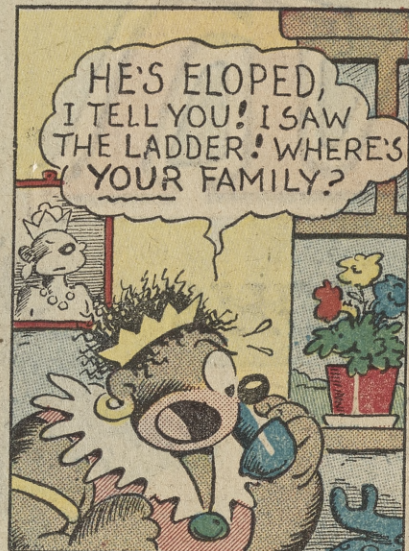

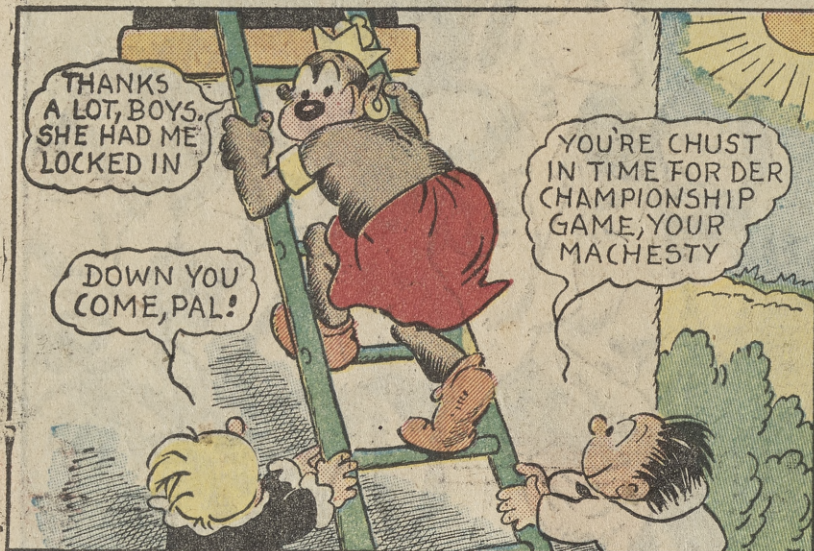

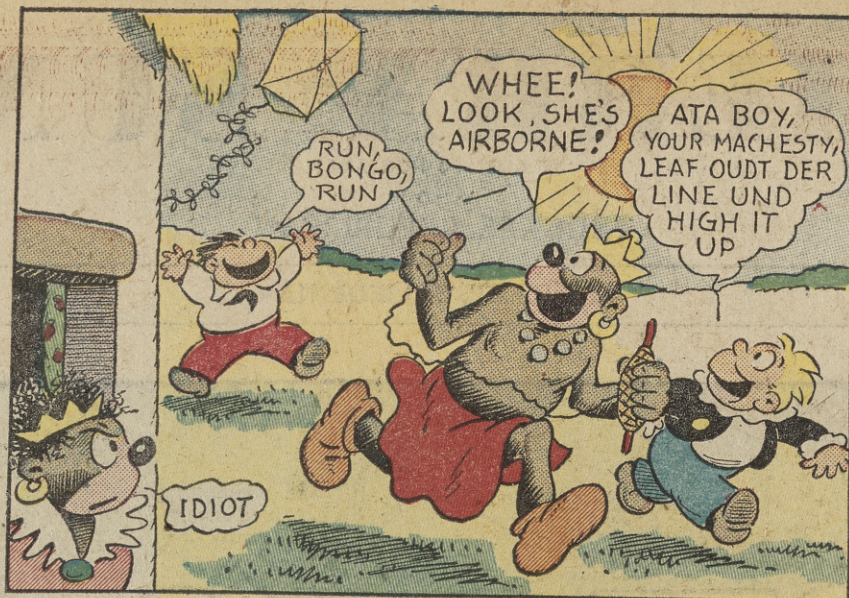

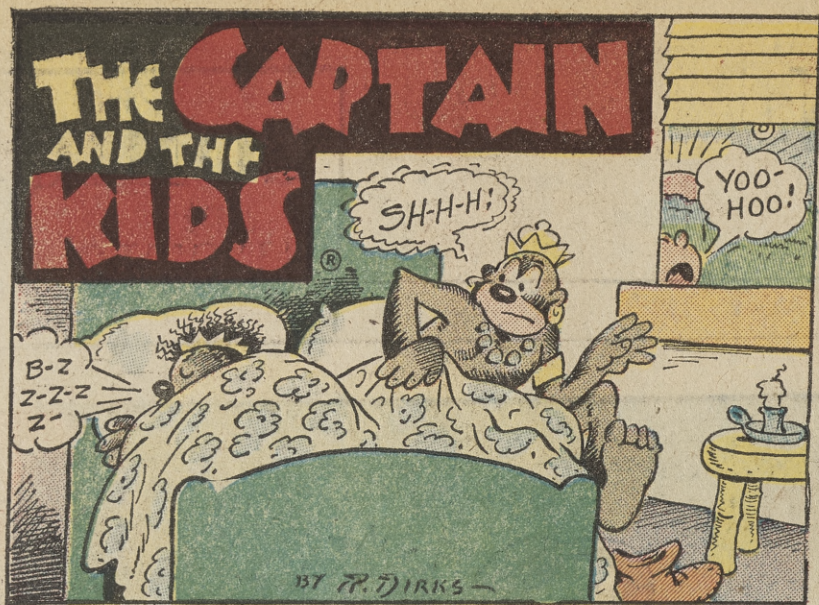

THEY WERE PANNING GOLD! SUDDENLY THE APE-MAN HEARD A STEALTHY MOVEMENT BEHIND HIM --- IT WAS BALU, THE LION, WHO HAD PICKED UP HIS MASTER'S SCENT. "DON'T WANDER FAR, BALU," MURMURED THE APE-MAN. "I MAY NEED YOUR ASSISTANCE."

THEN TARZAN HEARD THE TRIUMPHANT BARKING OF SEVERAL BABOONS. RACING TO THE SCENE, HE LEARNED OF HIS BETRAYAL -- NANCY BROOKS HAD BEEN TAKEN CAPTIVE!
